About eighteen hundred members of LSCOBA voted for us on 16 October 2020; I was elected as a committee member for session 2020-2021. Although I am over 50 years old and do possess some years of experience in various fields, I found myself like a student knowing close to nothing about our OBA. Thanks to the help of different old boys, teachers and Lasallian brothers, we made it through the last 11 months without making a fool of ourselves. Proposed committee member

I always feel La Salle old boys have a certain sense of bonding toward each other. And with a few thousand members it would be a force to reckon with in terms of getting things done either for existing members or society as a whole. Recently in a spur-of-the-moment I felt I could do something meaningful with the Association and threw my name in as a candidate for committee member.

Whether I am elected or not really is not important to me as I also feel the existing team is doing a good job already. I was just hoping I could give more ideas for the benefit of all of us. By the way I highly endorse some of the ideas of the current president Kent Lau and hope he will take some of my ideas and run with it also!
